Cincinnati Dream Neighborhoods Roundtable

GOAL: Explore the feasibility of creating a Cincinnati Dream Neighborhood Recovery and Economic Initiative
AGENDA 360 PRIORITY: Quality Place

The Cincinnati USA Regional Chamber's *AGENDA 360 Regional Action Plan* completed in February, 2009 serves as a framework for the City of Cincinnati to collaborate with labor and business groups, with social service agencies, public officials and civic leaders in moving our community forward to create a quality place to live, grow businesses, and develop a qualified workforce. *AGENDA 360* reflects a comprehensive to-do list of important actions our region should take to address a wide range of economic and social issues. These Job Creation Committee Roundtables will be able to strategically collaborate with experts to find best practices without having to reinvent the wheel.
