

The Winburn Job Report

City of Cincinnati—The Office of Councilman Charlie Winburn

Winburn Commends the Mayor and Council for Support of Job Creation

April/May/June 2012

Volume 3, Issue 1

Cincinnati Local Hiring Policy—240 MSD Jobs

Under the leadership of Councilman Winburn, City Council adopted an ordinance that enacted the “Local Hiring Requirements” creating **240 jobs** for local resident for certain construction contracts issued by the Greater Cincinnati Metropolitan Sewer District, the Greater Cincinnati Water Works, and the Stormwater Management Utility Division. This ordinance not only provides employment opportunity, but also includes an **apprenticeship component**.

Summer Youth 535 Jobs

Councilman Winburn is proud to announce that the city’s youth will again have an opportunity to earn money and gain valuable work ethics through the summer youth program. Urban League of Greater Cincinnati in collaboration with the City’s Recreation and Parks Departments, and Arts Works to put **535 youth** to work this summer. The Youth will work 30 hours per week earning \$7.00 per hour.

Cadet Program Hires 40 Youth

Councilman Winburn joined with Police Chief James Craig to created the Cincinnati Police Cadet Program. Which has resulted in 40 paid jobs for Cincinnati Youth between the ages 16-18 working 30 hours/week earning \$8.50/hour. Councilman Winburn states that this initiative is a “way to positively encourage Cincinnati youth to move to greatness, to positively highlight the positive youth who wants to make a difference and make Cincinnati better, and to showcase positive our youth to the world”.

Winburn will spotlight the donors/sponsors in the next Winburn Report.

More Jobs...!

University Square (U-Square)

A development adjacent to U.C. campus that will include apartments, retail and office space. This project created **40 construction jobs** and upon completion will have created **500 permanent jobs**.

Oakley Station

New development located on old Cincinnati Milacron site. Will include retail and residential space anchored by a movie theater. **To date 100 jobs have been created with more**

Grow Cincinnati Businesses & Create Jobs

Councilman Winburn’s Job Growth Committee requested a proposal giving businesses inside the City limits a preference in the award of City bids.

The purposes of this “local preference” are 1) to stimulate the

local Cincinnati economy by growing businesses and promoting job growth; 2) give Cincinnati businesses greater opportunity to do business with the City of Cincinnati; and 3) provides City of Cincinnati Small Business Enterprises (SBEs) an additional

incentive to become certified.

This local preference initiative allows local SBEs and local non-SBE companies to match the lowest and best bid of non-SBE/local bidders.

Music Hall Renovation Creates Hundreds of New Jobs

Winburn joins council in supporting lease arrangement for Music Hall. He stated, “the city should get out of the music business and transfer ownership to Music Hall Revitalization Company”.

The City of Cincinnati is at a financial crossroads as it relates to the approximate \$165 million Music Hall (MHRC) renovation proposal. This city is in a very unique position in that we have an opportunity to leverage our cooperative goodwill by calling upon the **Music Hall Revitalization Company to raise the approximate \$165 million** from their private philanthropic constituency that will **create new jobs.**

If Cincinnati is to be a world class city that it intends to be, then we must act like a world class city by strengthening our partnerships with the arts community, attracting international tourism, developing new business and creating a vibrant Music Hall. This will promote long-term economic development, job retention and job creation. Transferring the Music Hall or transferring this asset to the Music Hall Revitalization Company will help us in our efforts to expand our tax base for years to come.

I want to thank the Mayor and City of Cincinnati Council for their great support in passing ordinances that promote businesses and create jobs,

2012 Donut Day in Cincinnati

National Donut Day started in Chicago in 1938 commemorating the Salvation Army’s “lassies”, young lady volunteers, who served troops donuts during the World War II.

This year’s National Donut Day sponsored by the Greater Cincinnati Retail Bakers Association raised \$6,250 for Salvation Army. Contributions were made by BakeMark, Dawn Foods, and Paper products Co. Paper Products Company is a local major supplier of packaging to the baking industry in Cincinnati.

Councilman Charlie Winburn was a real crowd pleaser in his attempts to win the competition and be known as “Grand Champion Donut Handler—2012”. Councilman Winburn was invited because of his efforts to promote jobs and job growth in Cincinnati and help make Cincinnati a better place to work and live. This year’s Grand Champion Donut Handler was awarded to Toddy Dykes, of Channel 5 News.

Almost \$8,000 was raised to benefit emergency assistance and social services programs in our local community from the Donut Day in Cincinnati.
